By Tom Burkard

Jon Bon Jovi (Photo by Brian Stratton)

Bon Jovi is finally going to be inducted into the Rock and Roll Hall of Fame in Cleveland after being denied entry for over 9 years, while many other less-deserving/ talented performers and bands were welcomed with open arms. The group's first year of eligibility was in 2009, and for some reason, the Hall of Fame's voting membership felt this amazing band should not belong to the prestigious Hall. They did not vote for Jon and the boys in '09 or any other year, up until the present vote for the Class of 2018. After this year's nominees were announced back in October, the fans were allowed to vote for the first time, and Bon Jovi topped all contenders with over a million votes from adoring fans throughout the world. **South Amboy Businesses Receive Recognition**

(Article Submitted)

The South Amboy Saint Patrick's Day Committee recently announced that two South Amboy businesses located on North Broadway will be recognized and honored during this year's Saint Patrick's Day Celebrations.

Delio's Pizza and Hero Shop, a South Amboy landmark, is owned and operated by South Amboy residents, Pete and Cathy DiMaggio. The couple purchased the business in 1972 and have operated the shop at the same location for over 45 years. "South Amboy is such a nice town and we are proud to be both residents and business owners," said the DiMaggio's. "Thank you for this wonderful honor. We hope to continue to offer residents a pizzeria with a family atmosphere, complete with good food and South Amboy history for years to come."

As always, Delio's will be open for business on parade day and they hope many of their long time customers, as well as parade participants, will stop by before, during and after the parade to say hello, offer

congratulations or enjoy a slice of pizza.

The New Life Books & Bibles bookstore is owned and operated by Joan Antonucci. Located on North Broadway, the store was once a house of worship in the 1800's. It has now come full circle, offering patrons a selection of religious books, cards and gifts.

"Over time, many of the stores on Broadway such as Reiner's Hardware, Oppenheim's Variety Store and Greens Men's Shop have come and gone. But New Life Books & Bibles has been operating in the same location for over 39 years," explained Antonucci. "Over the years I have met so many wonderful people who have patronized my business. I love my job, and I love South Amboy so I am truly honored to receive this recognition and to be part of the Saint Patrick's Day Parade."

For information or to participate in the South Amboy Saint Patrick's Day please contact Catherine Schwartz at 908-406-0693 or visit www.southamboyparade.com.

**Rainy Weather Sparks Local Power Outage**

By Steve Schmid

The windy and wet weather January 12 led to a power outage in Sayreville, South Amboy and Central Jersey. More than 30,000 customers lost power in northeastern Middlesex County and central Union County. The biggest outage was reported in South Amboy, Sayreville, and Old Bridge where Jersey Central Power and Light reported more than 5,000 customers lost power. The outage forced the closure of Menlo Park Mall for most of the day. The weather conditions may have contributed to a South Amboy fire which gutted a home at 124 South Feltus Street. The fire forced residents to stay elsewhere. No injuries were reported.

**Sayreville Native is Jeopardy! Champ**

By Steve Schmid

Former Sayreville resident Kate Timpson O'Connor made her old hometown proud by winning three contests and \$62,400 on the popular game show Jeopardy! Kate was a winner on three shows, December 18, 19, and 20 by correctly answering the final Jeopardy! question and placing a large bet on the outcomes. She was never in the lead going into final Jeopardy! which made her victories all the more exciting. Her winning streak ended December 21 when she missed the final question. When she appeared on Jeopardy! she was thrilled because it fulfilled a lifetime goal. She is a graduate of Sayreville War Memorial High School and is the daughter of Gary and Catherine Timpson. She continued her education after high school when she studied biology at the College of New Jersey. Kate is currently working for the Halberstadt Insurance Services in Princeton and is living in Florence Township with her husband John and children Anna and John.

### The Smoke Column

By Ex-Chief Richard Kosmoski, MS

The arrival of a new year brings new leadership to our local fire departments. It has been a tradition that the new fire chief be sworn into office on January 1 of each new year. This year has been no exception. This article will be dedicated to the incoming fire chiefs of the Sayreville Fire Department and the South Amboy Fire Department.

The 2018 Fire Chief to lead the Sayreville Fire Department is Steven Kanca. Chief Kanca was born in South Amboy in May of 1967 and raised in Sayreville. He joined the Sayreville Fire Department in 1989 and has served in every line officer capacity as he progressed through the ranks. Chief Kanca continues to live in the Morgan section of Sayreville with his lovely wife Diane and daughters Katlyn & Kiersten. In an interview with the Chief, he told me that he joined the fire department because he wanted a sense of accomplishment. How many others would place their lives on the line to "feel a sense of accomplishment"? Steve has been a dedicated firefighter and fire officer for almost 30 years and has enjoyed every minute of serving his community and the satisfaction of helping others in the community he grew up in. What sticks in his mind, as it does with most firefighters, are the fires he fought where the outcome was tragic. Firefighters never get used to responding to these types of fire calls, but it is job the needs to be done and is the reason that firefighters are special people. Chief Kanca has stated that his goals for 2018 are to improve member recruitment and retention. It takes a lot of time, training, and dedication to become a good firefighter and it always hurts the department when an experienced firefighter decides to leave. The Chief will investigate the many incentives that are available to recruit new members and to retain the highly skilled members from leaving the department. Individuals interested in becoming firefighters may contact the Borough Clerk's office for more information. Serving with Chief Kanga are 1st Assistant Chief Kevin Krushinski and 2nd Assistant Chief Jonathan Magaw.  
 The 2018 Fire Chief of the South Amboy

Fire Department is Michael Toth. Born January 2, 1966, the son of Peter & Shirley Toth, Chief Toth grew up in the "Pleasant Little City" and attended the South Amboy school system, graduating in 1984. He has been married to his lovely wife Laura for 31 years and together they have 2 children, Megan and Kyle who is also a firefighter with Independence. His career in the fire service started when he joined Independence Engine & Hose Co. #1 in April 1984. He has served as president of the fire company for over 20 years. His line officer experience included terms as Lieutenant and Captain of the company. Fighting and commanding fires are only one part of Chief Toth's duties in the company. Throughout his years of service, "The Chief" has been involved with many fundraisers, some of which are: The 100th Anniversary celebration; The 125th Anniversary celebration; the Broadway Car Shows; Cruise Nights; and the Santa Claus ride-arounds each December. If you have ever wondered who played Santa on Engine #7, it was Chief Toth. One of the Chief's biggest fires was the night that Miller, Bergen, and Welsh lumberyard went up in flames. The corner of Broadway and First Street was a blaze that was seen for miles. SAFD has responded to Perth Amboy on multi-alarm fires for years and Chief Toth enjoyed riding the back step of the engine before it was banned. Nothing like hanging on the back of a responding apparatus with all your strength and hoping that the driver didn't hit any bumps!

Chief Toth is proud to be chosen as the chief of the best fire department. Great guys and girls that always work together and come home together. The SAFD prides itself on family, one big family. You can always ask any firefighter for help inside or outside of the department and you will get, that's family, that's what the South Amboy Fire Department is all about.

I would like to wish both of the incoming chiefs the best of luck for a very successful and safe year for them and all the members of their fire departments.

**??Where's the "Blankety Blank" Paper??!!!!!!**

By Elaine Holton Scott

Living with my Aunt Marge and Uncle Bill Slover on Conover Street in Mechanicsville as a child, my uncle's impatience "ruled the roost." After working 6 days a week at Phillip Carey's on the corner of Smith Street in Perth Amboy, then, eating a big supper almost as soon as his feet walked in the door, my Uncle Bill would put on his eyeglasses in readiness to read the Perth Amboy Evening News. Woe to the peace in the home if the paper's delivery was even a few seconds late. Thankfully, at that time in the '50's, we had the "Cross brothers" from upper Wilmont Street as our paperboys. Actually, their last name was Krzyzkowski but Cross was just easier to say. Nothing, and I mean nothing, had stopped those Cross boys from delivering the paper to all of their customers.

Originally "just" an inscription on the James Farley P.O. in NYC, these words long ago became the motto of our United States Post Office. "Neither snow nor rain nor heat nor gloom of night stays these couriers from the swift completion of their appointed rounds," exceptions being every Sunday, on one of their ten annual paid federal holidays, or in inclement weather. Instead, I think it really should have been the motto of our paperboys years ago who had to deliver papers seven days a week with no holidays, no paid personal days, no sick days, and no paid vacations. Except for a weekly tip, I don't think any of us ever really appreciated them, surely, not in the way they had deserved. We just took it for granted they'd get the paper to

us, no matter how high the snow, how hard the wind blew, how heavy the rain, how icy the streets, and how hot or cold the weather was...and somehow they always did, making certain it was dropped near the front door.

Once upon a time, it was a common sight on the streets to see young boys riding their bicycles with their metal bike baskets filled to the brim with carefully rolled newspapers. Older paperboys used to carry all of theirs in a large bag with a strap which was put over their heads so the bag could hang at elbows length. In spite of how heavy they were, and those canvas bags full of newspapers were really heavy, the bigger boys managed to carry the load. Guess that's why paper delivery was a male's domain. Now, if I see any papers being delivered, it's usually store ads thrown from a car's window to land haphazardly on someone's front lawn or sidewalk.

Buying a newspaper in the store or reading one on the internet now just isn't the same as it was when paperboys delivered the news of the day straight to our front doors.

\*\*\*A special "thank you" to all of the paperboys of years gone by.

Circa 500 BC, Herodotus, the Greek historian also called the Father of History, wrote: "It is said that as many days as there are in the whole journey, so many are men and horses that stand along the road, each horse and man at the interval of a day's journey, and then are stayed neither by snow, nor rain, nor heat, nor darkness from accomplishing their appointed course with speed."

**MCC Students Designs Selected**

Designs created by four students pictured above, in Professor Francine Krinsky's Print Production class at Middlesex County College were selected for use by the Puerto Rican Action Board to promote the current disaster rebuilding efforts in Puerto Rico.

The designs will be used on posters and other marketing materials, including t-shirts, which will be sold to benefit grassroots organizations on the island that are helping people recover. (Photos/Info Submitted)

### My College Admittance

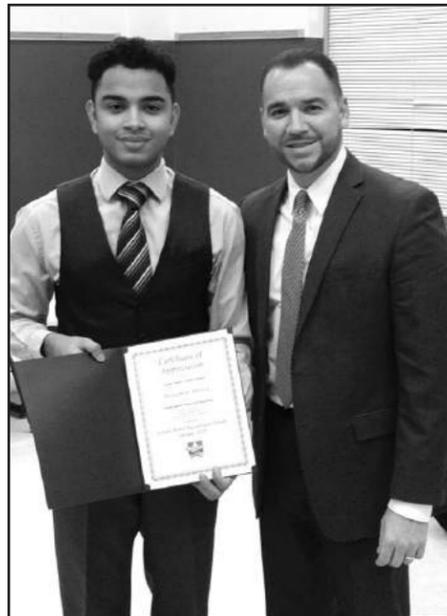

By Ben Henry, Senior South Amboy HS

Before my admittance into Princeton, I never fully considered myself to be Ivy League material. Being in a school as small as South Amboy High School always made me doubt whether I could compete with other students from larger and more privileged schools. Even with high grades, exceptional standardized test scores, and numerous extracurricular activities, I knew being accepted was a shot in the dark. Princeton was a dream come true, and it eliminated all of my previous doubts.

Above all things, I would like to thank God for this amazing opportunity. I would also like to thank my family, friends, and the city of South Amboy for the love and support that has been given to me throughout my life. I want my acceptance to serve as an inspiration to other students at South Amboy and other small schools; No matter the circumstances, one can achieve anything he or she puts their mind to with hard work and dedication. This isn't just a personal victory, but a victory for South Amboy as a whole.

In regards to my application process, I have also applied to other prestigious schools nationwide: Stanford University, Harvard University, Yale University, the University

of Pennsylvania, and Swarthmore College. All of these applications are currently under review. I hope to bring more good news in the future and make my family, friends, and South Amboy proud once more.

The St. Stan Cheerleaders entertained over 20 Seniors at Gillette Manor on December 11th. Songs and Good cheer were had by all. The residents provided candy and drinks as a thank you for the Cheerleaders coming over to brighten up their Monday during this holiday season. Coach Colgan has made it her mission that cheerleading is not just about lighting spirits at a game. It's about being Ambassadors of St. Stan and reaching out to the community to assist in events, be friendly and just get involved. The girls loved the interaction with the Seniors and of course the Seniors were delighted to have the girls stop by. (Photos/Info Submitted)

## A Winter Tundra Land

By Steve Schmid

The day after Christmas started one of the most brutal stretches of weather in our area, as temperatures remained below freezing for 14 days. The first snowstorm of 2018 hit January 4 dropping nearly 10 inches of snow in the area. Strong winds caused near blizzard conditions, which made snow removal more difficult. The strong winds and cold air made snow cleanup more difficult, since road salt is much less effective in bitter conditions. The snow forced school closings for two days and also cancelled many other activities in the community. The brutally cold Arctic air followed the snowstorm with temperatures falling near zero degrees. The wind chill factor was below zero for several days. The snowstorm also forced the closing of Raritan Bay Waterfront Park to motor vehicles so Middlesex County workers could concentrate on snow removal from county highways. The 13 consecutive days of below freezing temperatures was one of the longest stretches of cold weather ever recorded.

## Weather Extremes

By Al Gomolka Jr.  
Times Poet Laureate  
c.1996

Some may ask  
Does God have moods?  
As demonstrated by our weather  
Frivolity of a snowfall  
Hope of a sunrise  
Peace of a sunset  
Wrath in a hurricane  
Necessity of the rain  
God's moods?  
Not so Free will of the earth  
As with man  
Affected by environmental changes  
Affected by man's manipulation  
Yet, as always  
God can intervene!

### Bon Jovi Hall Of Fame

continued from page 1  
 Rock Hall's voting membership, apparently got the message loud and clear--Bon Jovi belongs in the Hall of Fame!

Bon Jovi, fronted by founder/lead singer Jon Bon Jovi, who was born in Perth Amboy, and spent most of his formative years in Sayreville, have had more qualifications/talent than most musical acts on the planet earth, and truly deserve this honor.

The band is one of the best selling rock groups of all-time with over 130 million records sold since they got their start in Sayreville in the early 1980's. Their #1 hits include: "Livin' On A Prayer," "You Give Love A Bad Name," "I'll Be There For You," and "Bad Medicine." Jon had a chart-topper of his own in 1990 with "Blaze Of Glory," which was featured in the movie "Young Guns II."

The Hall of Fame induction is scheduled for April 14th in Cleveland, Ohio, and Bon Jovi members, past and present, who will perform are Jon Bon Jovi, David Bryan, Tico Torres, Richie Sambora, Alec John Such, and current members Phil X and Hugh McDonald. Others being inducted will be Dire Straits, The Moody Blues, The Cars, and Nina Simone.

It's been a long successful road for the kid who grew up in the Sherwood Forest section of Sayreville, but he and his band will officially become one of rock's All-Time elite with their Hall of Fame induction. Congratulations Bon Jovi on your outstanding career and accomplishments!

## Trinity Methodist Church - February 2018

The Presbyterian Church Deacons and Trinity Church members joined together in appreciation at a recent coffee hour. (Photo/ Article Submitted)

It's cold outside, but hearts and souls are warmed within the community of churches. It's so great to see how a small community of churches and people can bond together and do great things for the town. Throughout the year, dinners are held at the Trinity United Methodist Church and St. Bernadette's Youth help with the serving and clean up. The Presbyterian Church in South Amboy always has a full table enjoying the meal. As done every year, the Trinity Church donates the proceeds to the food bank within the Presbyterian Church and to the Sayreville Food Bank; a full circle of sharing our gifts for the greater good. A special thanks to everyone that has supported these events and hope for continuing throughout 2018.

The church started an exciting Sunday School program for children from ages 3-12 on Sunday mornings at 9:15 am. The program began off January 8 and it's interactive, engaging and even includes baking and

movies. If you are looking for a way to get your children engaged in a church, please consider joining us. The program is held at the same time we have service - 9:15 am to 10:15 am.

Due to the cold weather, the Thrift Shop is closed until the beginning of February. Look forward to great winter sales when we reopen. Remember - Tuesday, Thursday and Saturday mornings from 9 am to 12 pm. Feel free to drop off your items as we continue to restock the sheds until we reopen. Reminder - we cannot accommodate any large household items - furniture, electronics, outdoor items. Additionally, we are planning to host a Customer Appreciation Luncheon for our customers in the March 2018 timeframe. Look for more information to come.

It may be cold outside and easy to stay inside.....but life is good and meant to enjoy. Bundle up and get out there!!!

## Are You as Healthy as You're Designed to Be?

Dorland's Medical Dictionary defines health as "a state of optimal physical, mental and social well-being, not merely the absence of disease and infirmity." Our experience has shown that the majority of people in the world do not know what health really is. Most are prepared to link up symptoms to health in that if they "feel well", they are healthy and if they are in pain, or have some kind of symptoms, they are sick. It is our job to make you understand the meaning of true health.

Chiropractors understand that most Americans are brought up in a household that follows the "medical model". It is our desire to educate you so that you will question your own past beliefs about health and search for the truth. The truth to us (chiropractors) seems quite evident. To the extent that your body is able to have a properly functioning nervous system without interference, that is the extent that you are healthy. Remembering that your nervous system controls every single function of the body. In other words, symptoms are your body's alarm system, designed to inform you that you have some form of nerve interference that the body is not able to deal with on its own.

The avenue through which the body does all of this miraculous work is through the nervous system; it is the "electrical system" that joins the body together as a whole. The inborn wisdom of your body completes all of the tasks necessary to sustain life by using the nervous system to communicate with every cell in your body. No cell in your body is just floating around with its own ideas and how it wants to behave. This organization in the body is doing precise, that every cell functions in harmony with the ones around it in order to complete specific tasks. This design allows for no independent action.

We have discovered that if our nervous systems aren't expressing themselves perfectly, then our bodies will be functioning at less than one hundred percent. Enjoying health seems to be perceived by most as a privilege that is saved for the fortunate few, when in reality it should be experienced by the vast majority. I want you to realize that from this day forth, it is time to treat your health as the utmost priority, whether you are one minute old, or on hundred years old. We all only get one turn at life. It is my sincere desire to have you live that life with one hundred percent health. By eating correctly, exercising, getting enough sleep, drinking plenty of water, keeping your spine in correct alignment, and nervous system functioning, you will enjoy the greatest gift of all...you are as healthy as you're designed to be.

## 1954

By John "Flip" Phillips

We had no idea what life had in store for us. We were young, loved to play basketball, were friends and went to the same school, St. Mary's Grammar School. Under the leadership of our "Make It Happen Guy" Bobby "Rock" Stader, we asked the school to enter us in the Tri-County Parochial School Basketball League. This was a very big and competitive league that had teams from Mercer, Middlesex and Somerset Counties. I remember (I think) "Rock" talked Monsignor Sullivan into buying us uniforms and a few basketballs. Now we needed a coach. I don't know how it happened, but we got two, and they were the famous South Amboy baseball brothers: Jack "Trader Jack" and Bill "Biff" McKeon. Story has it that Monsignor also made this happen. Well, every Saturday morning (early) we would truck it up to New Brunswick to play in a very cold Sacred Heart school gym. There were a lot of teams in the league, but three stood out: Our Lady of Victories (Sayreville) St. Mary's (South Amboy, us) and St. Peter's New Brunswick. And they finished the season in that order, 1, 2, 3. Now came the playoffs for overall league championship. We got through the first round (I don't remember who we played), and then had to play the league's number one team OLV in the semi-finals. Brother "Biff" coached us solo in the playoffs because brother Jack was off to spring training with the Pittsburgh Pirates. "Biff" would head off to spring training later in the Milwaukee Braves organization.

The game against OLV was close but we won in overtime. We were a "little" lucky to win this one. The time keeper failed to start the clock with seven seconds to go which allowed Tommy "Tex" Leonard to score the tying points before time ran out. We now had to play St. Peter's for the overall league championship. The game was played at the New Brunswick High School gym, and it was the first time I ever played on a court that had glass backboards. When I walked into the gym when the consolation game was on I was "shocked". The place was packed and both games were on radio, WCTC. The "urchins" from South Amboy were in the big time! Just like the OLV game it came down to the last play before the outcome was decided. The game was tied, and we had the ball at mid court after a time out. "Biff" called a unique play during the time out that won it for us. He figured that St. Peter's would closely guard "Rock" and me since we were the scorers on the team. We fooled them, we lined up in an I formation. I took the ball out and "Rock" broke one way, and

Tommy "Tex" Leonard broke to our basket. I passed him the ball, he made the shot and we won. So, "Tex" made the tying points in the semis, and then made the winning points in the finals. St. Mary's South Amboy was the Tri-County Parochial Basketball League Champions of 1954. Now the team:

Johnny McCabe: John graduated from SMHS '58, went on the serve in the Army, married his high school sweetheart and classmate Joan Ploskonka. Together they had 5 children which resulted in 13 grandchildren and 3 (and 1 to come) great grandchildren. Wow!! John joined the South Amboy police force and rose to the rank of Captain. His younger brother Leo also joined the force and rose to Chief of Police. It runs in the family; John's son Brian is a Lieutenant of the South Amboy police force. John liked to hunt, fish and spend time on the water boating. Just like me, John was an Astarita guy in high school (our hang out on Stevens Avenue) and he would sometimes call Joan, on the store telephone. I remember him as a quiet classmate, a nice guy. He left us way too early.

Charlie "Nonnie" Nonnemacher: Charlie graduated from SMHS in 1959. He married a South Amboy girl, Fay Lounsbury SMHS 1961. In 1967 they moved to Warren, New Jersey. They have 2 sons and 3 grandchildren. After working a few years for an appliance sales and service company, he started his own company called Charlie's Appliance Service. In 2017 he retired after running the company for 43 years. "Nonnie" always enjoyed hunting, fishing, traveling and camping. I remember he was also a very good baseball player, a catcher. He told me a funny story recently. When he played baseball in the South Amboy senior league our coach ("Biff") ran into him at home plate trying to knock the ball out of his glove. Charlie says it was a big hit, but he held on to the ball. The coach was out! He and Fay are retired living in Warren, New Jersey.

Pat Mullane: Pat graduated from SMHS in 1959. All I can find on Pat is that he moved to Florida around 20 years ago. So, I guess he is out there somewhere and I hope all is well.

Donald "Dinger" Kohler: Don graduated from Perth Amboy Vo-Tech and became a successful painting contractor. We called him the "Happy Wanderer," he was always on the go. He called me "Johnny Guitar," why I'll never know. He loved to ride horses and was always good for a laugh. (I'll let coach McKeon tell the "Dinger" story about what happened in the locker room during halftime of the championship game). Don passed away

### Back In Those College Days

Former South Amboy resident Andy Sabine played basketball for Pacific University back in the early 1960's...Walter Shinn (Parlin) played football for Penn University...Tim Rhatican (Sayreville) who attended St. Benedict's Prep went on to play football at Boston College...Dave Kelton (St. Mary's) played varsity ice hockey for Kean College from 1984-88...Matt Leahy (St. Mary's) played football for Towson State.

### O'Brien Family Continues Tradition

John and Eddie O'Brien, better known as the O'Brien twins from South Amboy, dominated national sports headlines back in the 1950's when they starred in baseball and basketball at Seattle University, and went on to play Major League Baseball for the Pittsburgh Pirates, and other teams later on.

Bringing you up to current times, John's grandsons have been making big names for themselves in baseball. Riley O'Brien, a 6-4 right-handed pitcher excelled at the College of Idaho, and was an 8th round, 229th draft pick by the Tampa Bay Devil Rays MLB Club. After signing a contract, he pitched for Princeton in the Appalachian Rookie

Recap-The strong Sayreville Bombers breezed by the Eagles of St. Mary's, 83-55 behind stellar 25-point performances by Paul Thompson and Chris Sola, while fellow Bomber Rob Markovitch scored 11. Matt Cannon pumped in 18 for the Saints.

League, and excelled in 11 games, pitching 41 innings, striking out 40, with a nice 2.20 ERA, while compiling a (1-0) record. The future certainly is looking very bright for this young and talented athlete.

Riley's brother who is on an athletic/academic scholarship at Seattle University, is in his freshman year, and expected to have a fine baseball career ahead of him.

Another brother Evan O'Brien is a 2016 graduate of Princeton University and is enjoying a successful career. John O'Brien, grandfather of these fabulous young men said that, "I am very proud that they have all done so well, not only in sports, but academically."

### Undefeated Champions

1968-69 Sacred Heart Eighth Grade Basketball Team

Coach Rick Ferguson's talented eighth grade boys basketball team rolled to the first unbeaten basketball season in the history of Sacred Heart Grammar School. The won-lost record was not available, but the Hearts topped St. James of Woodbridge, 38-30, to capture the Amboy Area Parochial School championship, behind an awesome

performance by Steve Makwinski, who poured in 18 points.

Rich Krzyzanowski chipped in with 8 points, Dan Clark 5, Fred Chodkiewicz 3, Andy Liyana 3 and Stanley Dzioba 1. Other members of this legendary team were: Rene Piccini, Dave Usa, Matt Clark, John Norman, John Szatkowski, Jim Guilfoyle, Mike Zaremba, mgr. Kenny Wisniewski.

a few years ago. Everybody liked "Dinger".

Our Coach, Bill "Biff" McKeon: Bill graduated from SMH in 1950, and from there has led a very interesting, varied and successful life. He graduated from Seton Hall University, and signed a baseball contract with the then Boston Braves, soon to become the Milwaukee Braves. Then it was off to the Army where he coached and played on the team that won the Army European Championship while stationed in Germany. Bill has been a high school teacher and coach, coached little league and college baseball. Then, played and managed minor league baseball. Bill now lives in Evansville, Indiana the last stop in his baseball career (an injury ended the journey), and while there he met and married Elizabeth Unfried, the sister of the team's left fielder. They have been married for 61 years and have: 7 children, 12 grandchildren and 2 great grand kids. (Another Wow!) I met "Lady Elizabeth" recently, she is a perfect match for "Biff." After his playing days were over he spent many years traveling around the country as a major league baseball scout for many teams. He is currently the radio "color" analyst for the Evansville, Indiana Otters minor league baseball team. (Believe me he is worth a listen on radio station WUEV 91.5 FM). I

think I might want to do a full biography on Bill. There is a lot more to his story.

Tom "Tex" Leonard: Tommy graduated from SMHS in 1959. However, I am sorry to say just like Pat Mullane that's about all I can find concerning what happened to him after that. I was told he became a doctor (which does not surprise me) and lives/lived in California. "Tex" was a very good basketball player and led St. Mary's HS in scoring his senior year.

Bobby "Rock" Stader: Rock was my best friend for most of my school years. He graduated from SMHS in 1958, but after I joined the Marines we lost track of each other. I know he went to college, but I can't recall where. I believe he married a girl named Ann Carlin who was a student at Douglass College. I know he started a janitorial supply company which grew over the years. There is an award given each year by the association he founded called The Bob Stader Achievement Award. Bobby passed away many years ago, but even today I smile when I remember some of the fun we had growing up. The snow we had recently down at the shore where I live (17 1/2 inches) reminded me that when it snowed back in our grammar school days "Rock" and I would tramp around town trying to make a

buck shoveling snow. He was a very good basketball player, the high scorer on our 1954 team and could really hit a baseball.

John "Flip" Phillips: That's me, I graduated from SMHS in 1958. I joined the Marines and left for Boot Camp in Parris Island S.C. five days after graduation day (talk about a culture shock). Somehow to my mothers' surprise I made it. After I got out of the Marines I went to work for DuPont Photo Products in Parlin, starting in the dark tunnels where they made the film. Then did the Tom and Boxes scene (remember the bar on Feltus Street?), I enjoyed myself, played a lot of softball until I broke my ankle. I met and married Iris Lie SMHS 1959 and we have been married for over 55 years, have 3 children and 4 grandchildren. I am hoping to be a great granddad someday if only the grand kids would get busy. I went to night school for eight years and got an Accounting Degree. I then held a variety of accounting positions both in Parlin and Wilmington, Delaware, eventually becoming an Accounting Project Supervisor with DuPont in Wilmington. I was lucky to be assigned to International Accounting and spent many years traveling back and forth to Europe. Iris and I have been to just about every country in Europe. I retired from DuPont with over 35 years service, but was called back as a consultant for another 5 years until we moved from Newark Delaware to LBI. I have a host of health issues, but can still enjoy playing my keyboard and accordion thanks to my Polish mother forcing music on me.

Frank "Tank" Leonard Asst. Coach, Scorekeeper, etc.: "Tank" graduated from SMHS in 1956, and then joined the Marines, another South Amboy Jarhead. When I lived on lower David Street in the Bowery he was my next-door neighbor and close friend. He remained my friend the rest of his life. When I was transferred by DuPont to Wilmington we kept in touch. He and his wife Joan were best man and maid of honor at our wedding. He was an excellent baseball and then softball player, and lest I forget cork ball (we played that game for hours on lower Davis Street). We played on a lot of softball teams together: Tom & Boxes, Frank's Tavern in South Amboy, Larry's and Bill's Tap Room in Sayreville and the DuPont Photo Products team. "Tank" hurt his back along the way, and that put an end to softball. He retired from DuPont and rode around town in his big gold Cadillac with a "Tank" license plate until he passed away over 10 years ago.

Now a few words from our coach, Bill "Biff" McKeon: "They were a great bunch of young gentlemen who represented their parents and school. They played hard and respected their coaches. Most if not all these young players later made a name for themselves within the business world, a tribute to their upbringing from their parents and the Sisters of Mercy. The Dinger story: During halftime of the big game he asked me if it was OK if he had a cigarette. That was the "Ding Dong" I remember."

Postscript: This story came about when Charlie "Nonnie" Nonnemacher" found an old newspaper picture of the team. Since it was over 60 years old it was in poor condition. I had it restored and away we went with the story.

The Game: Both "Rock" and I made all-tournament, and I was awarded the MVP and foul shooting trophies. Foolish me I gave them to my young son and I have no idea what happened to them. End of Story!

## 20 Years Ago In The SA Times - January 1997 FIRST AID BUILDING DESTROYED

The Morgan First Aid Squad, which recently completed extensive renovations, was completely gutted by a huge electrical fire. Notice the scorched area from flames on upper left and also damage in center, windows and doors are also boarded up. The building will have to be demolished. (Photo by Tom Burkard)

### Fire Guts Morgan First Aid

Early January 3rd, the Morgan First Aid Squad was destroyed by an electrical fire which was caused by a short in the wires in a three-foot space between the building's roof and drop-ceiling. The flames started above the kitchen in the rear of the building. Joe Scanlon, a founding member of the Squad, who lives nearby, acted calmly, yet quickly to save three ambulance rigs and a "crash truck". Sayreville Police, who arrived at the scene first, could not open the alarmed garage door, and Scanlon heard them over the police radio. He quickly yelled the code numbers to the alarm over the radio, and when he arrived at the building, Patrolmen Scott Poetsch, John Ziola, and Chester Dubil had gotten the doors open, and were driving the three rigs to safety. Scanlon bravely entered the burning building to save the "crash truck", and the

policemen got the rescue boat out. Poetsch and Ziola suffered smoke inhalation and were treated at Memorial Medical Center and released. All of the Morgan First Aid Squad's medical supplies such as bandages, crutches, wheelchairs, etc. were destroyed by flame, water and smoke. Two brand new computers and boxes full of the squad's recently ordered jackets were ruined. The building was gutted, and the roof collapsed, and according to Middlesex County Prosecutor Ralph G. Cretella is structurally unsound and will have to be demolished. Update: Locals have rallied to help the First Aid. Calls will be answered at the Morgan Fire House, where one ambulance will be stored. Two others will be kept at Al's Auto Body on Rt.35, and the crash truck with "jaws of life" will be in President Joe Scanlon's driveway.

### Preschool Program Expanded

During the summer the New Jersey Department of Education announced a grant opportunity to expand our preschool program to a full day. Our district continues to be committed to making certain that we are exploring all options for all levels of students and, therefore, we attended the meeting to determine if we would be candidates for this grant.

In late September we were notified that we would be the recipient of approximately \$488,000 to work collaboratively with Acclero Learning and our district toward the establishment of a full day preschool program which would be comprised of approximately 30 students from the City of South Amboy. This grant allowed us to retrofit our former preschool classroom space which was unused in the past few years to full utilization and the transformation has been very exciting for our families and the school.

Students are exposed to varied learning centers throughout the day and learn social skills such as sharing, playing, talking, eating and working together. Parents are also an

important partner in this process as advocates work toward building upon services for all students including special parent workshops and activities to help families engage their children.

The grant requires our district to have fully certified, bilingual teachers. In addition, the New Jersey Department of Education has partnered with us to provide suggestions as well as guidance to make sure that we are following the compliance procedures. In fact, we are the only district, to date, to have a hybrid program filled with students of varied socioeconomic levels.

As we progress with this program, we are proud that we can now offer our parents options related to either full day or half day programs to enable them to determine what best works for them as a family. Our students continue to thrive in this learning atmosphere and we welcome any four year old who is currently a resident of South Amboy to join our program and bring your family to see our students in action.

### Sheriff Mildred S. Scott Holidays In July Fundraiser

Holidays in July is a nonprofit organization started by the Middlesex County Sheriff's Office with the full support of Sheriff Mildred Scott in an effort to give back to the community. The main goal of Holidays in July is to provide gifts for children and families in need during the holiday season. The name Holidays in July came from the largest contributing fundraiser that is a basket auction held each year in July.

In November Middlesex County Sheriff's Office Holidays in July was able to sponsor a family in need during a very critical time. Their youngest child has been battling hydrocephalus his entire young life, as well as a slew of other medical issues that seem to pop up along the way. Holidays in July were more than happy to help with a \$500 Gift Card donation as well as some much needed baby supplies. On December 8, 2017 Holidays in July dropped off a large quantity of gifts to Robert Wood Johnson Children's

Hospital which will be distributed to patients during their holiday party. On December 15th 2017 Holidays in July handed out gifts to all of the children and families who will be in the hospital throughout the holiday season. Middlesex County Sheriff's Office Holidays in July was also fortunate enough to have extra toys to donate to Harmony Family Success Center in New Brunswick, so families that are victims of domestic violence are able to celebrate a happy holiday.

Holidays in July along with Middlesex County Sheriff's Office and Sheriff Mildred Scott would like to thank everyone who made these amazing holiday donations possible. Without the help of so many businesses, families, and individuals in an amazing community, none of this would have been possible.

**Fishing Flashes**  
 By Teo "Weebles" Weber

**Salt Water**  
 It's the Weeblemeister wishing all a great fishing year for 2018. The sudden cold and blizzard conditions have put an end to whatever Striped Bass fishing that was going on in the ocean at LBI and points south of there. Party boats were iced in at Belmar. Flounder fishing there, which was good, is now ended and closed until March 1st. Bay fishing for Stripers is also closed until March. The times that I checked some local spots in December, I only saw one person fishing-one time. Party boats that do get out have a pick of Blackfish, Ling and a few Cod. A few of the Blackfish are big with some weighing over 10 pounds. Some Mackerel were caught but it doesn't look like a big run for the Mackerel will occur. Dog fish are a problem when fishing in deep water.

**Fresh Water**  
 Snow and bitter cold have put an end to open stream fishing which hasn't really been great in 2017 due to exceptional low water conditions. What is now good is ice fishing in upstate lakes like Budd Lake and Lake Hopatcong. These lakes are producing Perch and some nice Pickerel if you are willing to brave the cold. The ice is safe, at least a foot at this time. If you do try, use shiner baited tip ups. The Delaware River is frozen over, but some Walleyes were caught before the freeze

### PRAYER TO ST. JUDE

(To be said when problems arise or when one seems to be deprived of all visible help, on far cases almost despaired of). Most holy Apostle St. Jude, faithful servant and friend of Jesus, the church honors and invokes you universally as the patron of hopeless cases, of things almost despaired of, pray for me, I am so helpless and alone. Make use I implore you of that particular privilege given to you, to bring visible and speedy help where help is almost despaired of. Come to my assistance in this great need that I may receive the consolation and help of heaven in all my necessities, tribulations, and sufferings, and that I may praise God with you and all the elect forever. I promise O Blessed St. Jude, to be ever mindful of this great favor, to always honor you as my special and powerful patron, and to gratefully encourage devotion to you. Amen. Thank You St. Jude. -E.P.

## Remembering Ray Wesley

By Tom Burkard

South Amboy Knights of Columbus Council #426 Past Grand Knight, Ray Wesley, 77, of South Amboy died on Jan. 10 after a long and brave battle with cancer. Ray was one of the most loyal, dedicated, and hard-working members of the Knights, and also very active with the South Amboy Elks Lodge #784. If you ever had the opportunity to be around Ray, you would know how much he loved life, enjoyed the good times with friends, and would always lend an ear and give some good advice if you were ever in need. He was a definite to show and help at many community events, when his work and health would allow, and his friendly greeting, smile and handshake brightened the days of many people, who knew and loved him.

A 1958 graduate of Perth Amboy High School, he always had great stories to tell

about when he was the catcher on the varsity baseball team.

Wesley worked in a variety of management positions, before retiring from the New Jersey Turnpike Authority.

Ray enjoyed playing golf, deep sea fishing, skiing, and cooking, (something he was very good at, and always volunteered to cook at countless events at the K of C Hall of Fourth St. and North Stevens Avenue).

He was very proud of his Polish heritage, and also one of his best friends, Bob Anderson, who was an All-American football player for Army at West Point, and went on to play pro ball for the New York Giants. Ray will certainly be missed by the many people whose lives he touched in such a positive way.
