## It's Never Too Early To Celebrate St. Patrick's Day

Cooler weather is upon us as we unpack sweaters and scarves while enjoying the color of pumpkins, holiday decorations and family gatherings.

Fall is also the time to don your favorite Irish attire and join the South Amboy Saint Patrick's Day Parade Committee for an evening of friends, food and drink at their "Hoist-A-Pint" fundraiser Thursday, November 14th, 2019 at "Raise the Bar", (RTB) 117 Broadway, South Amboy from 7 to 10 pm.

A \$20 pp entrance fee, collected at the door, entitles participants to beer, wine, food sampling and a performance by the D.B. Kelly Drum & Bugle Corp.

Proceeds will support the efforts of the South Amboy Saint Patrick's Day Parade Committee.

## Jim Carney Remembered

By Steve Schmid

The South Amboy Knights of Columbus Council 426 lost a good friend when Past Grand Knight Jim Carney passed away recently at the age of 89. Jim served the council as Grand Knight during the 2003-04 Columbian year. He lived for his grandchildren and brought them to many K of C events including Breakfast with Santa and Breakfast with the Easter Bunny. He brought his grandkids to the South Amboy Saint Patrick's Day event where they joined the Knights in marching in the annual parade. Many of his grandchildren have fond memories of participating in Knights activities. He wanted his Past Grand Knights dinner at the Old Country Buffet restaurant. He wanted everyone to eat all afternoon and have a place for his grandchildren to play and enjoy their favorite food, snacks and desserts. The South Amboy Knights and their families enjoyed the fried chicken and other food. Jim also organized New York Mets bus trips to Shea Stadium where he would bring his family. He loved to read and became an author, writing about the vagaries of life and how people responded to issues in their everyday world. He wrote three books: "My Life With Elizabeth," "Home Is Where The Honey Is," and "Tracking The Holy Spirit And Other Spiritual Phenomenon." He also entertained friends with a comedy act. Jim was a good man who loved his children and grandchildren and served the Knights well.

## Remembering Joe "Moose" McCarthy

By Tom Burkard

Former South Amboy resident and local baseball legend and superstar, Joe "Moose" McCarthy died on Oct. 11th at age 61.

Moose began a life-long love affair with the game of baseball when he was about 6 years old and became a batboy from 1964-66 for the Babe Ruth League team that his father Joe McCarthy managed, Mechanicsville Fire Co., as the team won 3 consecutive pennants and playoff championships in South Amboy. In the Little Fellas and later Babe Ruth League, young Moose became one of the most feared power-hitters ever to play in either league, and was a home run threat, everytime he came to bat. As a catcher, Moose had a strong/accurate throwing arm, and called a good game, a true leader at a very youthful age, he was looked up to by teammates, and was respected by opponents throughout his youth league days.

Although he had the desire and was gifted in baseball, he constantly worked hard to keep improving, and could always be seen at Veterans Field taking batting practice with his father pitching buckets and endless buckets of baseballs for him to hit. One of Moose's childhood friends, Brian Stratton recalled, "Moose practicing his catching skills, throwing baseballs from second to the home plate backstop area, where a tire was set up by his father for him to throw to for accuracy, and help him throw out the runners."

By the time Moose arrived at Hoffman H.S. as a freshman, many local baseball experts felt that he was very special, and had a chance to be South Amboy's next Major League Baseball player. In '73 as a soph, he blasted 7 home runs, to lead the county, and in his junior year in '74, hammered 3 home runs, while hitting .310, and making The News Tribune's 1st Team All-County, and 1st Team All-County in The Home News, making him the #1 catcher in all

Joe "Moose" McCarthy

of Middlesex County. He finished out his superb schoolboy career in 1975, leading the Governors to a (16-8-1) record, and to the CJ Group I final, where they lost, 1-0 to Manville. He topped Coach Dave Inman's team in batting avg.-.410, home runs-4, RBI-29, and doubles-8.

His impressive list of honors during his senior year in '75 included: 1st Team catcher All-State, All-Groups-Star Ledger; 1st Team All-State Group I-Star Ledger; 1st Team All-Middlesex-Star Ledger; 1st Team All-County-News Tribune; 1st Team All-County-Home News; All-Star catcher-New York Daily News.

In 1975, the proof is in the above listed honors and awards: Joe "Moose" McCarthy was the BEST catcher in the state of New Jersey. Following his stellar high school career, he went on to play baseball at Marshall University.

Joe "Moose" McCarthy was a great man, and if you had a chance to know him, you were blessed. His sense of humor was terrific, and he always had a happy and optimistic outlook on life. It sure would have been great to see him catching in MLB for the Yankees or someone else. Joe "Moose" McCarthy will be sadly missed, but never forgotten.

## Local Rail Commuters Get Relief From Bridge Closures

By Steve Schmid

South Amboy rail commuters have gotten good news from the federal government regarding the troubled Portal Bridge over the Hackensack River. A deal with the U.S. Coast Guard has been announced that will keep the bridge from opening to marine traffic during morning and evening rush hours. The Portal Bridge has been notorious for causing major rail disruptions when it opened for ships but could not be immediately closed. Approximately 500 Amtrak and NJ Transit trains cross the bridge every day and during rush hour a train crosses every two minutes. The North Jersey Coast line which serves South Amboy is one of the rail lines that has been affected. Under the agreement ships would not be able to pass during peak hours from 5 to 10 a.m. and 3 to 8 p.m. The 110 year old swing bridge is slated to be replaced with a fixed span bridge under the Gateway Project It would be built higher and would not have to open for river traffic. Funding for the Gateway Project has yet to be okayed by the Federal Transit Administration.

**Mortgage Rates Went Down Again...  
 LOCK IN A GREAT RATE TODAY**

**SPECIAL**

**15 Year Mortgage**

Amboy is a New Jersey bank offering one of the only true bi-weekly mortgages. The 1/2 Pay Mortgage® makes it easier to pay down balances, build up equity and save more on interest.

With the 1/2 Pay Mortgage®, instead of one monthly payment, we automate making a half payment every other week. It's like making an extra payment every year without thinking about it.

With each payment the principal gets paid down a little faster, and the 1/2 Pay Mortgage® charges a little less interest. So the longer you stay, the faster you'll build equity and the more you'll save on interest.

A mortgage, however, isn't just about your rate. Because we don't sell our loans, Amboy is here and ready to help. It's what a local bank does. It's just one reason we've been Voted Best Bank for 21 years in a row.

**Yearbook-St. Mary's 1984**  
 By Tom Burkard

Msgr. Gerety was St. Mary's pastor, and other priests included Reverends LaBonte, McKnight, and Simon. Popular teacher at the high school were: Carol Smarch, Kathleen Turk, Bill Urbanski, Karen Rossetti, Sister Nathaniel, Sister M. Grata, William Ryan, Eugene Malhame, and Nancy Csurbak. Jeanne Polinski was the Guidance Counselor, and JoAnn Testa the Librarian. Patricia Burke was the School Nurse. Adeline Tiritelli and Ruth Kuchinski were and still are school secretaries. The new school year was barely a month old when the shocking news from Beirut, Lebanon, that 216 sleeping U.S. Marines were killed after a truck loaded with TNT drove into the U.S. Marines Headquarters Building, and detonated. While on the St. Mary's scene, the Class of '84 had plenty of extra-curricular activities to keep them busy. The 3rd Annual Fall Dance was a huge success. Fave clothing styles of the day, worn at the dance by the girls were plastic leather or silk pants, and the boys could be seen wearing piano ties and sleeveless velour shirts. The class chose "Come On Feel The Noise" by Quiet Riot as its official school anthem. The Battle of the Sexes was tons of fun for the students, and featured the Balloon Pass and Musical Chairs. The Christmas Ball was a beautiful night to remember, and was held at the Dorian Manor in Old Bridge. Everyone had a blast at the Senior-Faculty volleyball game. The Academic Quiz was really "One for the books." The yearbook was called "Step By Step," and was dedicated to John Morvay. Tyrrel Walsh was the editor. Mary Pat Burke was President of both the Senior Class and Senior Senate. Some of the members of the Class of '84 selected randomly include: Janice Beaudry, Donald Diem, Rhonda Rivers, Jennifer Verchick, Maureen Farley, Kathleen Testa, Amy Vona, Jacquelyn Smolinski, Robyn Ruotillo, Tom Repsha, Yvonne Piatek, Joseph Pacella, Theresa Nelan, Kenneth Lickman, Courtney Edgerton, Diane Durynski, Cindy Boehler, Karen Blanken, Ellen Asseng, Robyn Callahan, Patrick Flanagan, Gregory Ertl, Marlene Malkiewicz, Frank Musarra, Sharon Newberry, Marie Polak, Maureen Swier, Daniel Ziembra, Peter Carey, Joanne Johnson, Erica Martin, Patricia Nugent, Scott Nusbaum, Robin Kilcomins, Maria Szymanski, Donna Ust, James Roman, Gabriella Pall, Timothy Klimek, Donna Langer, Francis McCarthy, William Nixon, Linda Jawidzik, Michael Grandinetti, Ann Cunningham, Nicole DePasquale. **Yankee Batboy**  
"The Luckiest Kid In New York"  
From Little Italy To Yankee Stadium  
By Anthony Florio & John Siclare

In 1961, Anthony Florio is a 15-year old teenager, living in Little Italy, who in his own words "Eats, sleeps & drinks baseball. A kid who idolizes Mickey Mantle and believes he's the biggest baseball fan that ever lived. Imagine how it felt for a kid like this to be asked to be a batboy at Yankee Stadium. To actually be around the famous ballplayers of the day."

During this time frame the Yankees were loaded with star players, and besides Mickey, sent two others to the Hall-of-Fame, Yogi Berra and Whitey Ford, in addition to Roger Maris, who broke Babe Ruth's home run record in '61 with 61 homers. Florio also said that "This is my story and the excitement of walking into Yankee Stadium for the first time in my life in the very same underground tunnels that Babe Ruth had walked through. It still excites me to this day, whenever I think about it."

Anthony Florio had encouragement from family and friends for many years to write a book about his fantastic memories of that special time.

This book which was published in 2015, includes countless memories of the players, photos of the players with Florio pictured in many, as well as personalized memorabilia he received from many New York Yankees. Yankee Batboy-"The Luckiest Kid In New York" is an outstanding work and a must read for all baseball fans.

Copies of this great baseball book can be purchased at: [nyybatboy.com](http://nyybatboy.com).

**Abner The Proud Turkey**  
By Patricia A Hampson  
Illustrated by John Samuel

**John Samuel**

Patricia A Hampson, former Sayreville and Spotswood resident has just published two children's books, "Abner The Proud Turkey", followed by "A Gift For Santa". The Abner tales have been around for over 40 years and were told to her children, grandchildren and now great grandchildren as well as many children in her Children's ministry. Abner starts out in life being pampered and thinking he is very special. He becomes a bit of a bully, but as his life unfolds he learns that being a bully is not always the way to be. He ends up being a friend to all. "A Gift For Santa" tells the tale of two elves who want to give back to Santa for all he does for everyone.

Pat has had a life-long love of children. She says she never met a child she did not like, teenagers included. For twenty five years she directed the Youth Talent Program for the Sayreville Recreation Department giving many young people a chance to showcase their talents.

Abner could not have come to life without the talents of the illustrator, John Samuel. John grew up in Sayreville and graduated with the class of '78. Cartooning has always been in John's life. In fact, while posting his cartoons on Face book, an old high school classmate, Diane Campolargo, mentioned that her mom, a children's author, was in need of an illustrator, and that John's style of drawing would fit her story! Author and illustrator were a perfect fit, and by the time "Abner" was published, a second children's book, "A Gift For Santa" was completed. Both "Abner, The Proud Turkey" and "A Gift For Santa" are available at [amazon.com](http://amazon.com), [barnesandnoble.com](http://barnesandnoble.com), as well as [liferichpublishing.com](http://liferichpublishing.com).

## Extended Hours At County Clerk's Office

To Process Vote-By-Mail Applications Oct. 29 and Nov. 2

The Middlesex County Clerk's Office will be open for special extended hours to process Vote-By-Mail applications and ballots for the upcoming general election. The special hours will be 8:30 am to 7 pm on Tuesday, October 29, and from 9 am to 1 pm on Saturday, November 2.

The Office is located on the 4th Floor of the Middlesex County Administration Building, 75 Bayard Street, New Brunswick.

Voters will be able to fill out applications for a Vote-By-Mail ballot and vote the ballot in the same visit. Voters who complete their ballots during these two days only can leave their completed ballots at the Clerk's Office for delivery by staff to the Middlesex County Board of Elections.

All other Vote-By-Mail ballots must be dropped off to the Middlesex County Board of Elections by the close of polls on Election Day, November 5. The Board of Elections is located at 11 Kennedy Boulevard, East Brunswick.

Voters who wish to send their Vote-By-Mail ballots through the mail must ensure they are postmarked no later than November 5. These mailed ballots must be received at the Board of Elections 48 hours after polls close.

"One of the most important rights we have is the right to vote. That is why Middlesex County has embraced a Vote-By-Mail initiative to help those who cannot make it to the polls on November 5," said County Clerk Elaine M. Flynn. "The extended office hours ease the process of voting even more."

Voters may visit the Clerk's Office during normal business hours to apply for a Vote-by-Mail ballot: 8:30 am to 4:15 pm, Monday through Friday. The deadline to apply for a Vote-By-Mail ballot in person is Monday, November 4 at 3 pm. Voters must then mail or drop off the voted ballot to the Board of Elections before the deadlines stated above. For further information, please call the Clerk's Elections Division at 732-745-4202.

### The Smoke Column

By Ex-Chief Richard Kosmoski, BA, MS

The majority of people take for granted one of the most important safety features available to them when they need to escape from a fire. Though this device is not needed if you must escape from a ground floor room, it does play a significant role if you are escaping a fire from the second floor or higher. This important safety device is the "fire escape". If you reside in a second story apartment/home or higher and fire is blocking your normal escape route from the interior of the structure, how do you expect to get out of the building?

The fire escape was invented in the 18th century England. It was a device that was fastened to a window and would enable a person to descend to the street level without injury. A series of disastrous tenement fires in the late 19th century in New York City led to the enactment of the first fire escape regulations in the United States. Tenements during this period had single open stairwells for egress which acted like a chimney under fire conditions and blocked escape routes.

As building codes became more prevalent in the United States around the turn of the 20th century, fire safety became an important concern for new construction. Building owners were increasingly required to provide adequate escape routes if a fire erupted in the building.

Exterior iron/steel fire escapes were installed as a second means of egress for tens of thousands of buildings across the country, not only in tenements but in factories, hospitals, and schools. These fire escapes have proven to be not only an exit path for occupants but a platform for firefighting as well.

With the urban sprawl and increase in the amount of construction in the mid-20th century, particularly the increase in public

housing in major cities, certain problems with fire escapes became clear. In the poorer cities like Chicago and New York, fire escapes were commonly used for everything but their intended purpose. In the hot summer months, residents would sleep outside on the platforms of their fire escapes.

By the 1960's, fire escapes fell out of favor and were removed from building codes as an acceptable component of means of egress. As we look around our communities, many of them still exist on older buildings. Many of these fire escapes were installed more than 100 years ago and may not work when a fire erupts and are needed as a life saving device. Look at the Main Streets in your town where there are storefronts with apartments above called "taxpayers". These are typical buildings that would require a fire escape because of having only one interior stairwell for escape. For years, it has been known that maintenance of existing fire escapes is not a priority of the landlord. These fire escapes have moving parts with ladders that should drop to the ground when a person's weight is applied. Weathering over the years may have caused these parts to develop rust which would prevent them from working properly. If you live/sleep on the second floor or above and have concerns about your fire escape, lack of or non-working, you have options available. Different escapes devices such as escape ropes and ladders are readily available and simple to use in the event you must escape a burning building and your interior route is blocked by fire. Sometimes the thought of jumping out the second floor window is a much better option then attempting to run through a burning hallway/stairwell. The jump may cause broken bones that can heal, getting caught in the fiery stairwell may cause death!

## October is Breast Cancer Awareness Month

By Rosario and Sheila Gonzalez, Mastectomy Fitters

It is said that every 13 minutes, one person in the US loses their life to breast cancer. In 2019, it is estimated that over 260,000 new cases of female breast cancer will be identified. This is unforeseen in the 21st. century as we spend billions of dollars in breast cancer research. The numbers are overwhelming. (Men are not exempt from developing breast cancer; over 2,600 new cases of breast cancer in men will be identified in 2019).

Cancer is a disease in which cells in the body grow out of control. When the cancer starts in the breast, it is called breast cancer. This is the most common form of cancer affecting women after skin cancer. Typically it affects women who are 50 years and older, although; about 10% of the new cases of breast cancer is reported in women under the age of 45.

Young women at high risk include those who have a relative who was diagnosed with

breast or ovarian cancer, have a certain breast cancer gene [brca1 and brca2] mutation, Ashkenazi Jewish descent, had lobular carcinoma in situ, ductal carcinoma in situ or ductal or lobular hyperplasia.

Early detection remains the most important tool for women. If you think you are at risk – speak to your doctor! Genetic testing can identify abnormalities that will result in your physician exploring various treatment options, early on. You can always decrease your risk by keeping by maintaining a healthy weight, exercise regularly, limit alcohol consumption and avoid exposure to carcinogens.

## Local Musicians Form "Boys on the Side"

By Clem Skarzynski

Around 2 years ago, 2 local musicians from the local "Party Band," "Smoke and Mirrors," thought it would be an interesting challenge to change up their present musical/band lineup, and form a band with 2 Female Vocalists as the front, with a solid 3 piece "backline" of musicians to back the ladies up. After careful searching for the right combination, "Boys on the Side" was born! With South Amboy's Dave Silva on Drums, Marlboro's Neil Mach on Guitar, they added Sayreville's own Tom DiBenedetto on Bass, to back their Vocalists, Donna Dunn, and after many auditions, Sayreville's Stephanie Mulham, completed the line-up! This band with it's unique arrangement, and with awesome vocals from the ladies, brings this band to another level! Their set list includes

the likes of Joplin, Ethridge, Winehouse, Morisette, Blondie, and the Pretenders, just to name a few! But, don't despair, the "boys" do their share too, with an outstanding blend of Male/Female Rock! Really different from what most of us have seen and heard. With that said, put Saturday November 2nd on your music calendars, and head on down to South Amboy's "Blue Moon," and hear, and see for yourself! Drummer Dave Silva is also a member of Sayreville's "Clem and Friends," and shares the drumming duties with Melrose's own Tim Fee, founding member of "The Rockdaddys." So, ya wanna listen to some well blended Rock 'n' Roll, make it a point to be there! And Ladies..keep those "Boys on the Side"!!

The Miraculous Prayer  
Dear Heart of Jesus, in the past I have asked for many favors. This time I ask you this my special one (mention favor). Take it, Dear Jesus, and place it within your own broken heart, where your Father sees it. Then, in His merciful eyes, it will become your favor, not mine. Amen. The great New York Yankees catching legend, Yogi Berra, was quoted as saying the following:

"I usually take a 2-hour nap from 1 to 4."

"Ninety percent of the game is half mental."

"Take it with a grin of salt."

## Coach Cifelli To Retire

Sayreville boys soccer coach Nick Cifelli will retire at the end of the season after 19 years at the Bombers helm. He has had an amazing coaching career, with over 200 wins, and even more importantly has been an inspiration to many Sayreville athletes and students both on and off the field, through his 34 years as a teacher. This year's team is (3-10), but with any breaks could have been much better, as the Blue & Gray lost several games by only 1 goal. Congratulations on a fine coaching career, and best of luck always, Nick!

The future keeps looking brighter for these two fine young baseball players, and it won't be long until you'll be seeing them in the big leagues. Keep watching next year for Sayreville's Brandon Bielak with the Houston Astros, and Riley O'Brien, grandson of Johnny O'Brien with the Tampa Bay Rays as they continue their rise to MLB. Best of luck Brandon and Riley!

**Teams**-Hoffman vs. Dunellen in the Guvs final regular season game.

This column is dedicated in memory to the great Joe "Moose" McCarthy

**Recap**-Joe "Moose" McCarthy had one of the greatest offensive games in Hoffman history. In the first inning, he blasted a 2-run homer, and amazingly in the same inning, unloaded a grand slam home run to drive in 6 of the Guvs 10 first inning tallies, as Hoffman destroyed Dunellen, 18-1. Although no records were kept, you can bet that his 6 RBI and 2 homers in one-inning performance will never be topped. The homers were his 6th and 7th of the year earning him the title of "Middlesex County Home Run King."

In the second quarter, Ray Scupp got loose for a beautiful 45-yard touchdown run, making it 20-0, Eagles at halftime.

The third quarter was scoreless, but highlighted by Hoffman's John "Skeets" Skarzynski's interception of a pass intended for "Rod" Carney. In the final stanza, Kenny found Harkins again with another TD pass, and Bill "Biff" McKeon blasted in for the extra point.

1965 Morgan Panthers

Morgan 26 South River 0

Joe Mastorio scored on a 5-yard touchdown run, and Bruce Fusco carried the PAT on a line buck for the first scoring of the game. Joe Gabel raced 60-yards for the second Morgan TD, and he also scored again on a quarterback sneak. Kevin Lynch went over right tackle for the extra point. Dennis Ryan partially blocked a 12-yard punt, and Fusco got the ball on a reverse and bolted around left end for the touchdown, and the PAT was missed...

Morgan 27 Perth Amboy 0 (Benefit game for the Benjamin Carr Fund)

The Perth Amboy Buffaloes were no match for the powerful Panthers of Morgan, and Mastorio started the scoring with a 3-yard touchdown run over right guard. Lynch then converted on a drive over left guard. He then broke loose for a 45-yard TD jaunt, and Mastorio got the PAT. Gabel then hit Ed McGuinness on a beautiful TD bomb, as the Panthers assault continued on Perth Amboy. Gabel ran for another Panther TD on a right and rollout. Mastorio added the extra point with a buck over right guard.

## 35 Years Ago... Hoffman Wins State Title

By Tom Burkard

**1984**-Rookie baseball coach, George Krzyzanowski achieved the ultimate goal in high school coaching, by leading his highly talented Hoffman team to the Group I state baseball championship. The legendary roster consisted of: Kevin Gorczyca, Dave Gumprecht, Rob Ruskuski, Mark Thompson, Joe Samuelson, Bob Gallery, John "Skeets" Skarzynski, Joe Ramer, Peter Smith, Scott Gumprecht, Andrew Moran, Randy Stratton, Billy Bright, Jim McCabe and Stan Zawacki. CJ Group I Semifinals Hoffman 3 Metuchen 0- Mark Thompson fired a brilliant 6-hit, shutout to lead Hoffman to a 3-0 win over Metuchen. Peter Smith drove in 2 runs, and Andrew Moran contributed an RBI. CJ Group I Final Hoffman 4 Bound Brook 3-The Governors pulled out a hard-fought, 4-3 victory in 9 innings over Bound Brook to cop the Central Jersey Group I title. Kevin Gorczyca's infield single with two outs in the 9th drove in the winning run. Billy Bright doubled in the 9th with one out, moved to third on Stanley Zawacki's infield single, and scored on Gorczyca's huge clutch hit. John "Skeets" Skarzynski went the distance to pick up the win, hurling a fine 5hitter, while striking out 8. Bright blasted a home run in the 5th inning. Skarzynski also added an RBI for Hoffman. Group I Semis Hoffman 5 Woodstown 2-Thompson, pitched and batted Hoffman to victory, by tossing a 3 hitter, striking out 6, and also belting a 2-run homer for the game winner. Smith and Randy Stratton each drilled RBI singles. Group I State Championship Hoffman 3 Emerson Borough 0 Hoffman (18-3) behind Skarzynski's masterful 3-hit performance, in which he limited state powerhouse Emerson (29-3, Ranked #12 in state) to 3 singles, while striking out one and not walking a batter. With no score in the top of the 4th inning, Skarzynski walked, went to second on a single by Smith, and both scored on a booming two-base hit by Thompson, to make it 2-0, Governors. The Purple & Gold lit up the scoreboard again in the 6th, when Smith singled, went to second on a throwing error, then to third on

a wild pitch, and scored on a passed ball. Coach Krzyzanowski has vivid memories of the '84 Governors. "I can still envision John Skarzynski on the mound with his nice lefty pickoff move picking somebody off first. Also the overall solid defense of the team with Smith and Ruskuski, and the speed of Stratton and Bright in the outfield, and Gorczyca catching. In the state final, second baseman, Scott Gumprecht made two big plays that kept Emerson Borough from getting back into the game. Thompson and Skarzynski were both number 1 pitchers in my book. The addition of Rob Ruskuski as a transfer really filled the hole at shortstop. What a great set of hands on "Rus!" These guys were really vocal, outgoing kids. They were always off the bench, talking and jawing, always involved in the game. The legendary Hoffman Governors 1984 Group I State Baseball Champions finished with a superb 19-3 record. The talented athletes received many awards for their achievements. The News Tribune for its All-County 1st Team chose Skarzynski at first base and Thompson -pitcher. Gorczyca-catcher and Smith-third base were Honorable Mentions. Skarzynski copped his second straight Gold Glove as TNT's first baseman. The Star Ledger picked Skarzynski as All-Middlesex County's 1st Team pitcher; Thompson-2nd Team pitcher; Gorczyca-catcher and Smith-third base were Honorable Mentions. AllState Group I First Team-Skarzynskipitcher; 3rd Team-Thompson-pitcher. Four players were 1st Team All CVC choices: Pitchers-Skarzynski and Thompson; Catcher-Gorczyca; Third Baseman-Smith. Three were picked for the 2nd Team All CVC: Second Baseman-Scott Gumprecht; Outfielder-Andrew Moran; Designated Hitter-Zawacki. Stats, Etc.-Thompson was the Middlesex County ERA champion with a miniscule 0.72. Skarzynski turned in a nice 1.45. Skarzynski had the best winning percentage in the county with a perfect 9-0, 1.000. Thompson finished 8-1. Smith was Hoffman's leading hitter with a .409 batting average. Gorczyca was drafted by the San Diego Padres in the 19th round. . .

### MLB Baseball Scout - Part 4

John "Flip" Phillips

After the June 1968 MLB Draft, Bill McKeon started scouting for the new American League franchise, the Kansas City Royals. His story continues:

"I started scouting for the KC Royals in the summer of 1968. Later that summer Sid Thrift the scouting supervisor asked me to go full time scouting, which I did. And, thus began my real professional baseball scouting career. I began scouting the AAA International League, the AA Eastern League, and the single A New York Penn league. In the summer of '68, there were only 8 or 9 people comprising the entire KC Royals organization. It wasn't until January 1969 that they expanded their farm system scouts, minor league managers, coaches and front office and radio/TV people.

One night at a dinner hosted by Mr. Kauffman, the team owner, he explained his desire to sign European soccer players. He considered them the finest athletes in the world. When I returned home to South Amboy N.J., I envisioned having a baseball school and college where the drafted players would not only be taught baseball, but would also include going to school. I presented the idea to Lou Gorman the scouting and farm director, who told me to review the idea with the GM, Mr. Cedric Tallis. He referred me to Mr. Kauffman, who liked the idea, and as a result the Kansas City Royals Academy became a reality. I conducted the first Academy tryouts in Miami and Jacksonville Florida, and more in the New York, Pennsylvania, and the New Jersey area, plus one in Toronto, Canada. I was offered the position of Academy Assistant Director but turned it down. It meant relocating and I wanted to continue scouting.

One of my interesting scouting adventures happened at one of the June 1969 Drafts where I wanted to sign a player named Greg Gross from the Harrisburg area in Pennsylvania. I explained to my boss

Lou Gorman that I thought he had Major League potential. However, Tom Ferrick the Royals super-scout said he could not hit home runs. I said my job is to find Major Leaguers, not another Babe Ruth, and this kid has Major League potential. Tom Ferrick insisted that the Royals draft a pitcher also from Pennsylvania, around the Norristown area. I said if we don't draft Greg Gross, we won't get him. The Houston Astros drafted him, and he went on to play 18 years in the Majors! And, I doubt if he ever hit more than 10 home runs during his career. (Bill was right on the mark here; he had a grand total of 7 during his career).

The Royals selected the pitcher that I disagreed with, and I was told to go sign him. I was asked by Lou Gorman the assistant scouting director what I thought it would take to sign him, and I said \$10,000. When I called the boy to arrange a signing discussion, he told me that my call was his first knowledge that the Royals drafted him. When I met with the boy and his parents, I offered \$5,000, they wanted \$100,000. When I left without signing him, I had them down to \$50,000. Several days later I offered \$7,000 and they were down to \$25,000. I was told to give him the \$25,000 because we had trouble signing our number 1 and 2 picks and it made us look bad. I called the boy and his parents to set up another meeting.....and guess what, I signed him for \$10,000. I called my boss Lou Gorman and told him I signed the boy for the \$10,000 I recommended. He said: Great, now we have more money to sign some other drafts. However, it did not end well for the boy, he was released the following year.

#### To be continued

Next month the "Buddy Kerr Story." Who is Buddy Kerr? In Bill's early scouting career, he became very good friends with a former major leaguer named Buddy Kerr, who was then in the scouting business. Next month Bill will tell the story.

## SWMHS ALUMNI SOFTBALL HELD AT BURKES PARK

By Patrick Douglas

Over 60 fans and players were on hand for the 6th Annual SWMHS Alumni Coed Softball game held at Burkes Park in Sayreville on October 13th. They enjoyed a very friendly, fun 9 inning game and later attended a barbecue at the Knights Of Columbus in Sayreville. The game is sponsored by the Vintage Bombers.

The teams were managed by two Vintage Bomber Players. The Vintage Bombers are an alumni team who play in the Middlesex County Senior Softball League. Ed Last

put his "Base Invaders" up against Steve Makwinski's "Wild Bunch Bombers" The Base Invaders ultimately took the day with a 15-12 victory. But the final score was of no concern to anyone. Just getting together to create new memories is what this day is all about.

Since 2013 these Sayreville HS Alumni have been putting this game together and every year it gets bigger and better.

After the game there was a catered barbecue at the Knights Of Columbus where hamburgers, hot dogs, ribs, potato salad and macaroni salad was served.

4 Giants tickets to the Giants vs Cardinals game were raffled off and 700.00 was raised for Camp Quality. A camp for kids with cancer. A charity that the Vintage Bombers have helped to support for several years now. The funds were handed over to a grateful Bill Schnitzerling who has been helping to run the camp since it's inception. The ultimate goal of Camp Quality is to help kids with cancer, be kids again.

Thanks to all who attended the game and or played in it. Thanks everyone who participated in the event, and for helping to support the kids. A special thank you to all who helped in putting the game and the barbecue together.

And lastly, a special shout out to Vintage Bomber teammate Frank Bracht, without whose generosity and benevolence, none of this would be possible.

# The Creepiest Time of the Year

By Elaine Holton Scott

Walking along in the darkness of night, the sounds of the fallen autumn leaves carpeting the ground seem almost deafeningly loud as they crunch beneath our feet...and darkness comes very early in late October. Looking upward, the tree branches, stripped of their leaves, resemble outstretched arms in readiness to grab anyone or anything passing by. Even the sky at this time of year looks blacker as it hovers menacingly above, or maybe it just seems that way to people like me who have overactive imaginations.

There is no other time of the year which promotes scary thoughts as the days preceding Halloween...and those days are always filled with low-budget movies trying their best to make being afraid into a profitable business. Mostly ridiculous, those made for Halloween movies usually pull in healthy box office numbers. Yet, no matter how hard these much younger film makers try, no matter how much digital crap is used, the newer scary movies just don't hold a candle to the old black & white films all of us seniors used to watch.

**\*Dracula:** Loosely based on Bram Stoker's novel, Dracula, published in 1897, this 1931 movie has remained one of the scariest movies ever filmed. Starring the incomparable Bela Lugosi whose words, "I want to drink your blood," had chilled right to the bone long after leaving the theater. Later, it would scare the heck out of all of us who had watched this movie on small television screens in the '50s, '60s and '70's.

**\*Frankenstein:** Mary Shelley, at the age of 18, had her novel, Frankenstein, first published in 1818. In December of 1931, the movie with the same title was released into theaters, with Boris Karloff challenging Bela Lugosi as the most frightening figure on the screen.

**\*The Mummy:** Released to movie theaters in 1932, Boris Karloff's character of Imhotep coming alive after 3,700 years still has the power to frighten the living daylight out of anyone who loves being frightened.

**\*The Wolfman:** Released in December of 1941, this surely was a Christmas gift that year to everyone who enjoyed being scared

at the movies. Starring Lon Chaney Jr., the story is about a man who returned home to Wales, somehow getting bitten by a werewolf along the way.

**\*House on Haunted Hill:** In February of 1959, this movie starring Vincent Price was released to movie theaters and the Majestic in Perth Amboy was one of them. My friends, Nancy Newcomb Schade and Rosanne Cross Savoi, and I had taken the Marathon Bus with Red the Bus Driver at the wheel, across the original Victory Bridge on a very cold Saturday to see it. Since we were only 11 years old at the time, in this day and age the fact we had gone alone with no chaperone would even be scarier than the movie. What I remember most is how we had screamed in fear as we watched House on Haunted Hill while eating candy the entire time.

**\*Night of the Living Dead:** This 1968 black & white, extremely low-budgeted movie is, perhaps, the scariest movie ever made, in my opinion anyway. Unlike most of the other old movies which became "hokey pokey" with the passage of time, this movie hasn't. If you haven't seen it or would like to see it again, check out the movies on demand on your TV set. I recently watched it again and I still got afraid. Happy Halloween, Everyone!!!!

Our Lady of Victories students had an opportunity to learn about the American Revolution. The Sayreville Historical Society hosted a presentation by the Sons of the American Revolution. The presentation discussed various aspects of the war such as events that took place locally, the differences in the uniforms and the various rifles the soldiers used depending on region. **Middlesex County College Professor to Exhibit Artwork, 'The Darkest Room'**

Middlesex County College Art Professor N.V.Heller will present "The Darkest Room," an exhibition of her work. It will run from November 4-December 5 in the Studio Theater Gallery on the College's main campus in Edison. An opening reception will be held Thursday, November 7 from 2:30-4:30 p.m. The public is invited. The gallery is open weekdays from 11 a.m.-4 p.m. and can be viewed by appointment by emailing Professor Heller at [NHeller@middlesexcc.edu](mailto:NHeller@middlesexcc.edu).

In her gouache drawings, Professor Heller explores nightmares, time travel, the British royals, loss of sight, murder and mayhem in a series of small works.

"I have focused on the figure-ground relationship and porous boundaries between subject and background, focal point and periphery," she said. "Elements come forward while maintaining sufficient ambiguity for the viewer to find other images in an active visual field that also functions as subject

in my work. Pareidolia, a phenomenon in which the mind responds to visual or sound ambiguity by filling in the blanks and forming patterns or recognizable images from random data, plays a role in determining my images. By searching the ground in my drawings a viewer may discover imagery in the stains or fissures just as I have, or see altogether different subjects. These images dissolve if the eye moves on or the mind wanders. This transience within a still image intrigues me."

Professor Heller holds a master's of fine arts from Columbia University and has presented and curated numerous exhibitions. She was awarded a National Endowment of the Humanities grant, and grants from the Artist Fellowship, the Puffin Foundation, the Ludwig Vogelstein Foundation, and the Elizabeth Foundation for the Arts, as well as a fellowship from the New York Foundation for the Arts.

**September Information**  
**Where in New Jersey?**  
 By Brian & Phyllis Stratton

The correct answer was the old Vesuvio's Restaurant at 705 10th Street in Belmar. They closed in 2013 and 2014 the location was reopened as Federici's on 10th. A few years back Phyllis and I were on a pizza place kick, hitting Vic's in Bradley Beach, Pete & Elda's in Neptune, Joey Tomato's in Point Pleasant to name a few. It dawned on me that there was a place in Belmar called Vesuvio's that my family and I visited often visited when we were on vacation during the 60's. Phyllis and I decided to give it a try, and as I walked through the door, I felt like I had stepped back in time. The pink leatherette booths, formica counters, the plastic cups and I even think the waitresses with their bouffant hairdos were the same ones from the sixties. The menu had not changed at all, and the pizza was as good as I remembered it. I was sorry to hear that

such an iconic spot had closed, but was excited to learn that it was taken over by Federici's - which is one of our favorite places. **Where in NJ? Winners for August**

**Senior Swimming**

I understand that as summer ends our thoughts turn to fall activities. Going over information for the next month's article I realized I never discussed adult swimming and water exercises.

Swimming is one of the best forms of aerobic exercises. It conditions the heart and lungs, builds muscular strength and endurance, and delivers a total body workout without the joint stress.

Unlike jogging or weight training, swimming is a way to fit cardio into your workout routine without putting stress on your bones, joints, and muscles. This is particularly beneficial for seniors and people with arthritis. It's one of the best ways to stay active using all parts of your body.

Swimming is a low impact workout, it produces high power results. It is typically considered an aerobic exercise workout, but activities in the water provide moderate resistance. This in turn, can build strength. Building and maintaining muscle strength has cardiovascular and structural benefits that are essential for maintaining a healthy body and mind for a long life.

As always, an ounce of prevention is worth a pound of cure!

*I missed the little baby  
When I met the little boy  
The trading of a rattle  
For a shiny Tinker Toy  
Now standing here before me  
As he goes to shake my hand  
His arm outstretched politely  
Is my tiny little man  
I want to hug and kiss him  
But he'll have no more of that  
He has a world to conquer  
As he tugs his tiny hat  
He stands in open doorway  
In sunlight  
bright and grand  
I can't see his tiny smile  
Just his waving tiny hand  
He pets the dog,  
goes down the lawn  
Then turns to wave again  
And hurriedly he carries on  
To meet a tiny friend  
Now I know  
he's turned the corner  
And I've missed  
his last goodbyes  
But it's hard to see  
a tiny man  
When you look through  
misty eyes.*

**Fishing Flashes**

By Teo "Weebles" Weber

**Salt Water**

The southern fish came in as I found out. I got a surprise while surf fishing at LBI Spray Beach in mid September. I caught 2 small Bluefish and 2 small Kingfish. I got a rod bending bit, after a battle, it turned out to be a large Pompano which weighed in at 2 lbs 6 oz and over 17 inches long. That is a big one for this far north. A follow up trip a few days later resulted in a catch of 2 Kingfish right off but nothing to follow it up as conditions deteriorated. At Barnegat Inlet, I caught some little Sea Bass and Blowfish and I saw a few Bluefish. The surf at Island Beach and LBI is producing Bluefish from snapper size to 7 lbs on poppers and fresh mullet. A few Small Strippers are showing up in the action. Party boats are doing well, jigging Bluefish from 3 to 7 lbs. False Albacore and Benito are present too. Fluke season ended on September 21st. It wasn't too bad on Barnegat and LBI on the last day. Up in Sandy Hook it wasn't too good-very few keepers. The Porgies have arrived to take up the slack. It's good fishing for medium and large dinner plate size Porgies. Beach fishing in Raritan Bay remains slow. Snapper Blues are all over and Blowfish are plentiful in Barnegat Bay.

**Fresh Water**

Fall Trout stocking begins the week of October 7th. 22,000 Rainbows will be stocked in selected streams and lakes. Sizes range from 14 to 22 inches. Some may even be bigger! In mid November winter stocking will be in selected lakes. All fishing in the lakes and rivers will improve with the changes in the weather.

**THE MIRROR**

By Dennis O'Leary  
 Who is that old  
 and mangled fool  
 Across the glass I see?  
 It must be out a window  
 I know it isn't me  
 That faded glass  
 won't show what's real,  
 The only thing that's true  
 The stories and the lessons  
 And the love  
 I learned from you.  
 Fifty-two years  
 now has it been?  
 Or maybe fifty three  
 The thing I know,  
 the Glass won't show-  
 You're the better part of me.  
 Dance and laugh  
 and sing our song,  
 Spend some time with me.  
 The time will come,  
 I'll look across  
 And the Mirror will set me free.

**Can't See It Comin'**  
 By Al Gomolka Jr.  
 Times Poet Laureate  
 c.2001

I couldn't see it comin'  
 Winning the lottery  
 When you walked  
 into my life,  
 A snake in the grass,  
 A long awaited  
 answered prayer. . .  
 I didn't want  
 to see it comin'  
 Children growing up,  
 Losing your love,  
 Heart attack,  
 stroke, cancer,  
 Wrinkles, gray hair,  
 old age. . .

I should of seen it comin'  
 Drunk driver,  
 head on collision,  
 Losing my job,  
 my pot belly,  
 Flat tire  
 on the freeway. . .

I would of seen it comin'  
 A lightning strike,  
 Flash flood, a landslide,  
 A shooting star  
 on a pensive night. . .

I just don't see it!  
 Man's inhumanity to man  
 Face lifts, hair transplants,  
 breast augmenting  
 Curveballs thrown life's way. . .

You'd think I  
 could see  
 things comin'!  
 Keep the eyes open  
 Keep the mind alert  
 Keep the heart in faith.

**NOVEMBER AT DOWDELL LIBRARY!**

As trick-or-treat gives way to Turkey Day, Plymouth Rock on down to the Dowdell Library! (Just don't confuse Halloween with Thanksgiving—you might end up haunted by a poultry-geist or troubled by a house full of gobble-ins.) Though the Dowdell won't help you fix Thanksgiving dinner (it's not broken, is it?), it is offering all the cookbooks you can handle and a truly stuffed programming slate. (we'd stop telling Thanksgiving jokes but can't stomach the thought of doing so cold turkey.) Pile your plate with the cornucopia of details below and resist the urge to engage in fowl play.

Sadie's Study Hour runs from 2:30pm to 3:30pm every school day from Monday to Thursday and 2:30pm to 3pm on Fridays! Take advantage of free Wi-Fi and fast ethernet, computer-based and wireless printing, a quiet workspace, and knowledgeable librarians for every assignment.

November is International Picture Book Month, and the Dowdell Library is celebrating with four weeks of unique activities including daily storytimes, weekly book bingo contests, and a month-long community mural-making event! Some additional events are listed below, but picture book lovers are urged to consult the library website, November calendar flyers, or the handy International Picture Book Month infographic (printed separately) for a complete schedule!

For the entire month of November, artists between the ages of eight and seventeen are invited to participate in the Dowdell's Scarecrow Contest! Use the provided supplies and tools to make the most creative physical or digital scarecrow possible. The winner will receive a gift card at the end of the month!

Ever wish you could create your own picture book? Live your dreams at the Dowdell's Picture Book-Making Workshops! Learn about the medium and work on a print book every Monday from 3:30pm to 5pm or get digital by making an ebook every Tuesday from 2:30pm to 3:30pm.

Get your hands full of history at the Dowdell's new Hands-on History Puppet-

making Workshops every Tuesday from 3:30pm to 4:30pm! From Guy Fawkes Day to George Washington's First Thanksgiving, attendees will learn about an event that took place on that very date, then commemorate a key historical figure in puppet form!

As always, Wednesdays are three-dimensional! Learn about 3-D printing while the Dowdell's 3-D printer whips up pilgrim hats, veterans, cornucopias, and turkeys between 3:30pm and 4:30pm. A different object is printed each week!

November Thursdays are a potpourri! Kick off the month by celebrating everybody's favorite decorative vegetable at Gourd Only Knows: An Ornamental Gala on Thursday, November 7 from 1:30pm to 3:30pm. Celebrate the season by mashing your favorite autumnal fruits into a

Fall Smoothie on Thursday, November 14 from 3:30pm to 4:30pm. Commemorate the coldest movie release of the year (Frozen 2!) at the Dowdell's Frozen Party on Thursday, November 21 from 1:30pm to 3:30pm! Make your own snowflake with paper or a 3-D pen, enjoy some chilly refreshments, and participate in every parent's favorite sing-along.

Fridays are Club Days! Options include Anime Club, Art Club, Board Game Club, and Gaming Club. Meetings are planned for every Friday and will run on a drop-in basis from 3pm to 4:30pm. No registration is required; please contact the library for additional information. The Dowdell is also hosting a Super Smash Showdown Video Game Tournament on Friday, November 8 from 1pm to 3pm (yes, on the Switch; no, there aren't banned characters). Finally, everybody's favorite November paper are scheduled to star in the Dowdell's Shuckin' and Jivin': Hand-Turkey and Corn Craft on Friday, November 22 from 1pm to 3pm.

Adult audiences have their own November entertainment options. The Dowdell's Yoga Series continues with Yoga for Beginners on Thursday, November 7 from 6pm to 7:30pm and Meditation for Beginners

on Tuesday, November 12 from 6:30pm to 7:30pm. Have a tech question? Bring your device to the Digital Café, available Monday through Friday from 12pm to 2pm and Thursdays from 6pm to 7:30pm. Finally, a Stuffing Taste Test is slated for Monday, November 4 from 11am to 12pm.

As a reminder, the Dowdell is now operating on Fall Hours and is open 10am to 8pm Mondays, Tuesdays, and Thursdays; 10am to 5pm Wednesdays and Fridays; and 12pm to 4pm on Saturdays.

**A PRAYER FOR HEALING**  
 Lord, you invited all who are burdened to come to You. Allow your healing hand to heal me. Touch my soul with Your compassion for others. Touch my heart with Your courage and infinite love for all. Touch my mind with Your wisdom, that my mouth may always proclaim Your praise. Teach me to reach out to You in my need. Help me to lead others to You by my example. Most loving heart of Jesus, bring me health in my body and spirit so that I may serve You with all my strength. Touch gently with this life that you have created. Amen -L.P.

## The Modern Funeral

The modern funeral may be elaborate and inexpensive, or it may be plain and costly.

That depends entirely on the family—or the circumstances.

Custom has ordained that certain defined rules be followed in arranging the funeral.

But first and most important is the preservation of the dead.

The Gundrum Service in this, as in all other respects, is the best service obtainable.

It is professional service.

It is sanitary service.

It combines the qualities of courtesy, economy, discretion and business administration.

In the Gundrum Service there is no worry—no anxiety.

Every detail of the funeral is handled with accuracy, satisfaction and privacy.
